## About this document

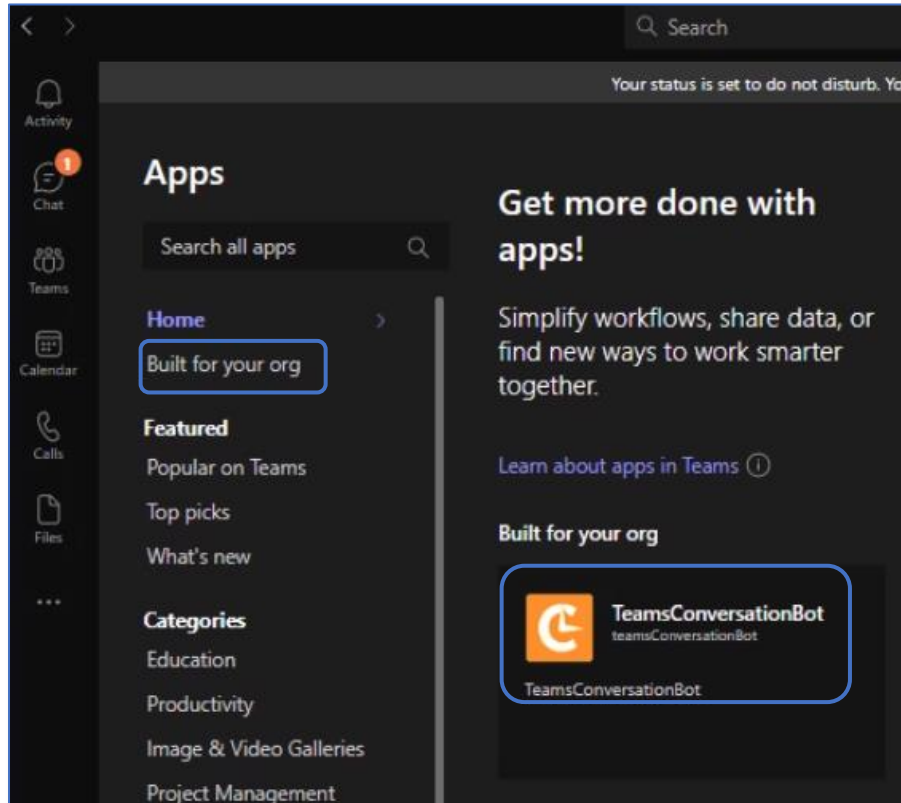

The document provides instructions for agents to add CommunityBot to their Teams app.

## Agents: CommunityBot Setup in Teams

1. Log into and launch Teams.
2. On the left-hand tool bar, click on the ellipses ... to launch the *Apps* menu.
3. Click *More apps* at the bottom.

4. Select *Built for your org* and you should see the CommunityWFM logo TeamsConversationBot. Click that app.

5. This will launch a new window with details about the app. Click *Add*.
